EXPERIENCE

Software Development Engineer

PhysicsWallah Pvt. Ltd

Nov 2022 - Present

Noida, IN

- Developed and published **over 30 features**, resulting in a **58% increase in user engagement**.
- Contributed to the development of a unified Master Admin Panel, integrating **frontend functionalities for 40+ organizations**.
- Implemented **server-side rendering (SSR)** in ReactJS, which significantly **reduced page load time by 40%** and boosted overall website performance and efficiency.
- Facilitated **cross-functional** collaboration among dev, QA, and product teams, resulting in 25% faster time-to-market.
- Wrote **ReactJS unit tests with Jest**, achieving greater than **80% code coverage** for comprehensive testing.
- Aided junior devs through **mentorship**, comprehensive code reviews, clarifying queries, and making tangible contributions.

Software Intern

PhysicsWallah Pvt. Ltd

May 2022 - Oct 2022

Noida, IN

- Developed new features and fixed bugs in PW Marketplace and Teachers-Portal using **NextJS, Angular and Tailwind CSS**.

Operation Associate(pre-sales)

BYJUS

Oct 2020 - Mar 2022

Remote

- Led a team segment to clarify job roles, managed client interactions, and oversaw CRM tool and lead management processes.
- Recognized as a **top performer in the eastern zone**, excelled in direct client handling, and effectively identified and resolved students' needs and problems.

Web Developer

Synprox Solutions

Jun 2020 - Sep 2020

Kolkata, IN

- Performed frontend development using **Angular 7**, quickly learned Material UI and Bootstrap, contributing to successful project launches and enhanced user interfaces.

EDUCATION

Bachelor of Technology, Heritage Institute of Technology, Kolkata

2017 - 2020

PROJECTS

DPP and TEST-SERIES. Revamped the PW test-series and DPP projects by **migrating from iFrames to new service path URLs** for the test engine and DPP engine, reducing delays, bugs, and white screens, and improving user experience, resulting in a **40% increase in users over 2 months**.

Admin Portal. Control panel of PW and other 40+ organisations using **Angular 12, Tailwind CSS** on **CRUD-Operations** for uploaded images, lectures, pdfs, schedule classes, create batches, test series, answer check and uploading results.

PW Store. Contributed to an eCommerce website for PW built with **NextJS**, facilitating product purchases and engaging an average of **20K monthly visitors**.
